CORPORATE RESPONSIBILITY

Environmental protection and sustainability	MISUMI sees environmental protection as a central task of corporate management. Our self-image in environmental protection is expressed through our environmental policy. We are committed to integrating our environmental policies into our daily operations. For the implementation of our environmental policy and for continuous improvement, we have an environmental management system that is certified according to ISO standard 14.001:2015. For further information, including product conformity, please refer to https://uk.misumi-ec.com/en/company/responsibility/environmental-policy/
Corporate Responsibility	Equal treatment of our employees as well as their diversity and equal opportunities are an important factor for us, as is the promotion of our employees and ensuring their health. We have set out our corporate principles in a Code of Conduct that is binding for all employees. Compliance with the Code of Conduct has already been achieved. You can find further information at https://uk.misumi-ec.com/en/company/responsibility/corporate-responsibility/
