The image shows a screenshot of a software interface for managing CAD models. On the left, there is a sidebar with search and filter options. The main area displays a table of favorites. The second row of the table is highlighted, and a green arrow points from the part number 'B602ZZ' in the table to a 3D CAD model of a ball bearing. The CAD model is shown in a separate window with a tree view on the left.

# Click **Favorites** ☆ to add products to your favorites

The image shows a CAD software interface with three main components:

- Search Results (Left):** A sidebar titled "Favorites / Saved Model History" with a search bar and a "Search" button. Below it are radio buttons for "Favorites" (selected) and "Saved Model history", and a "Save Period" section with two "unspecified" dropdowns.
- Product Information Pop-up (Center):** A "Design Window" for "Linear ball bearings / flange selectable" by MISUMI. It shows "Part Number : LHFC3" and a "Part Number confirmed" status. It includes fields for "Features, Areas of Application" (Not Applicable), "[dr] Inner Diameter(m)" (3), "[L] Length (Total)(m)" (10), and "Material of Outer Cylinder" (Steel-EN 1.3505 Equiv.). A "Favorites ☆" button is highlighted with a red box.
- Product List (Right):** A table with columns "Product Image", "Part number", and "Note". It lists four items: FBSSRAA0802-100, B602ZZ, SSE2B6-85, and PSFGW6-300-M3-N3. A callout box with a hand icon points to the "Favorites ☆" button in the pop-up, with the text "Click".

# The Saved Model history can also be displayed

The screenshot shows a software window titled "Favorites / Saved Model History". On the left, there is a search panel with a "Free Word Search" field, a "Search" button, and two radio buttons: "Favorites" and "Saved Model history". The "Saved Model history" radio button is selected and highlighted with a red box. A callout box with a hand icon and the word "Click" points to this radio button. The main area displays a table with the following columns: Favorites, Manufacturer, Category, Series, Product Image, Part number, and Note. The table contains four rows of data, each with a star icon in the Favorites column and a product image in the Product Image column.
